## INSTRUCTIONS

The correct dial telephone numbers of all REA Offices are listed in this directory. Employees should familiarize themselves with the instructions which follow regarding the proper use of the dial system so that good telephone service will be maintained.

### HOW TO USE THE DIAL TELEPHONES

#### GENERAL

1. Be sure you have the correct number. Consult this directory.
2. Remove receiver and listen for the dial tone.
3. When dialing turn the dial until the finger stop is reached.
4. If a mistake is made in dialing, hang up for a few seconds and begin again.
5. Do not move the dial or receiver hook while talking.
6. If the number dialed is busy, a busy signal (a rapid intermittent tone) will be heard. Wait a reasonable time and call again.
7. If the line dialed is not busy, a ringing signal (a slow, intermittent burring sound) will be heard.

#### INTER-OFFICE TELEPHONE CALLS

Dial the number of the person wanted as it appears in this directory. You will be connected directly with that telephone.

#### CALLS FROM AUTOMATIC TELEPHONES TO OTHER GOVERNMENT DEPARTMENTS

Direct tie lines are provided to the Government Switchboard.  
DIAL 80 FOR DIRECT CONNECTION WITH THE GOVERNMENT SWITCHBOARD.

DIAL 84 FOR DIRECT CONNECTION WITH THE DEPARTMENT OF AGRICULTURE.

#### OUTSIDE CALLS FROM UNRESTRICTED TELEPHONES

Listen for dial tone. Dial 9 and wait for second dial tone. Dial the first two letters of the Central Office name (black letters). Dial all the figures of the number (red figures). Dial the party line, if any (black letter).

Certain telephones are restricted from outside service. When 9 is dialed from these telephones it is not effective; a busy signal will be heard.

## LONG DISTANCE AND SUBURBAN CALLS

After the dial tone is heard, dial the figure "0" (operator) and give the number to the REA operator.

## TO TRANSFER AN INCOMING CALL

On incoming calls from Central Office or other Government departments, you may signal the operator to transfer the call by moving the receiver hook up and down slowly. Outgoing calls cannot be transferred to anyone else in REA, as the connection is not made through the board.

## TO REPORT TROUBLE

If difficulty of any nature is experienced, call the Chief, Office and Building Services Unit, Br. 2306.
